***RE: Supplemental Request for Information Pursuant to Section 104(e) of CERCLA,  
for the Lower Duwamish Waterway Superfund Site, Seattle, Washington***

Dear Ms. Hong:

I am writing to request additional time to respond to the supplemental CERCLA Section 104(e) request (the "Supplemental Request") sent to Reichhold Inc, ("Reichhold") from the Environmental Protection Agency ("EPA") by letter dated September 17, 2010, which Reichhold received on September 27, 2010. The Supplemental Request seeks, in addition to any information not previously provided in response to the initial CERCLA Section 104(e) request, detailed information regarding the lawsuit that Lone Star Northwest, Inc. ("Lone Star") filed against Reichhold in 1993. Based on the age and volume of these litigation materials, it will take Reichhold significant time to collect and organize the documents, address confidentiality issues with Lone Star, and identify any privileged materials. Also, further complicating matters is that Reichhold has changed counsel from the attorneys who handled the prior litigation (and who assisted with the initial response).

The current response deadline to respond to the Supplemental Request is November 26, 2010. Considering the foregoing factors, Reichhold respectfully requests that the deadline be extended an additional sixty (60) days to January 25, 2011. Thank you in advance for your anticipated courtesies.

Sincerely,

Mr. John Oldham  
Director Site Remediation
